

TRIPLETT The Hound 3 Probe

Streamlined Inductive Tracer with Headlights and Earphone Jack

FEATURES

- New headlights to help light your way in dark areas and reduce florescent light noise
- Streamlined design allows for better access in hard-to-reach areas
- New shielded design to suppress "feedback squeal"
- Bandpass filter to suppress 60 Hz and hi frequency noise
- Earphone jack for use in quiet or noisy environments
- Improved sensitivity and loudness
- Includes new conductive duck-bill tip for safer, easier penetration in cable bundles - metal tip also included
- Easy access battery door
- Adjustable volume / sensitivity control
- LED gets brighter as the signal gets stronger - LED indication even works with earphones are used
- Contains a hi-gain, hi-impedance amplifier
